

Let's configure a kafka listener

1. Login to gcn website
2. Go to <https://gcn.nasa.gov/user/credentials>
3. Click on + add
4. copy what you see in

```
consumer = Consumer(client_id='XXX',  
                    client_secret='YYY')
```

5. Open the kafka_listener.ipynb notebook
